

How to use VoIPstudio

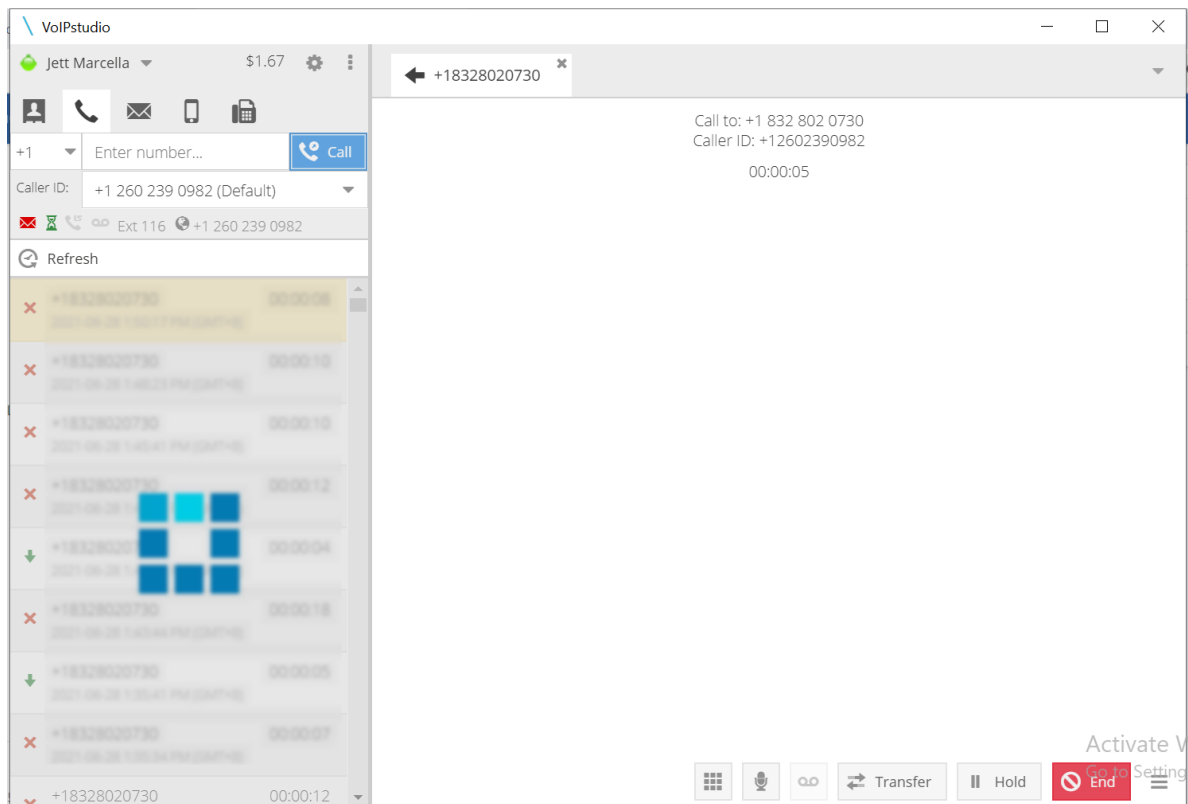

Note this is not required for the i21 Integration to work. You can use this to make calls from your PC or Mobile phone if you choose.

A. WINDOWS

1. Open the VoIPstudio application.
2. Enter the email and Password.
3. In Enter number, enter the number you wanted to call and click the Call button.

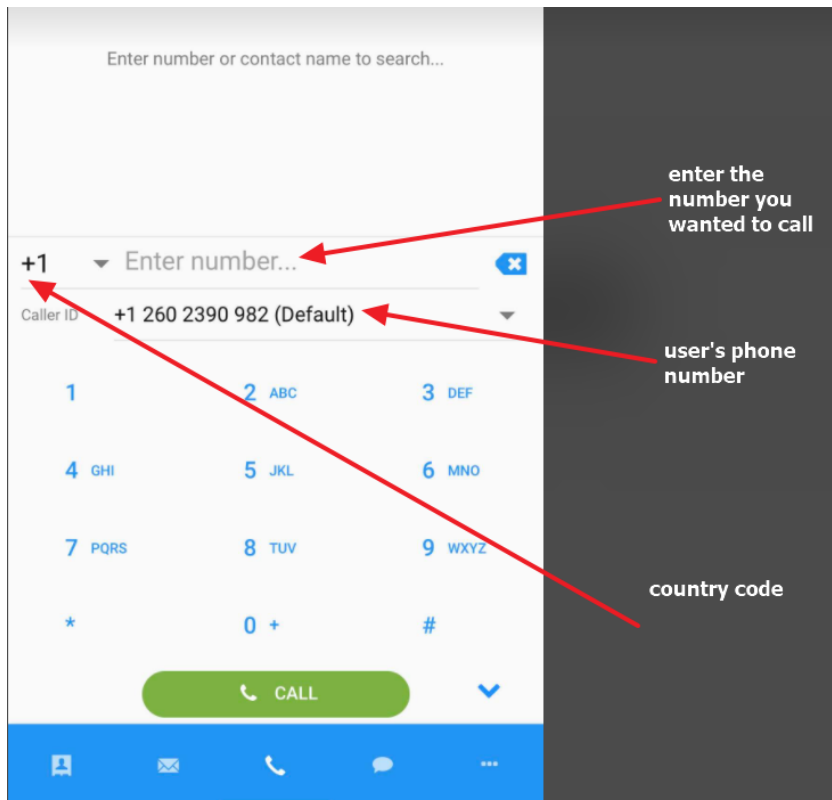

4. The entered number is now ringing.

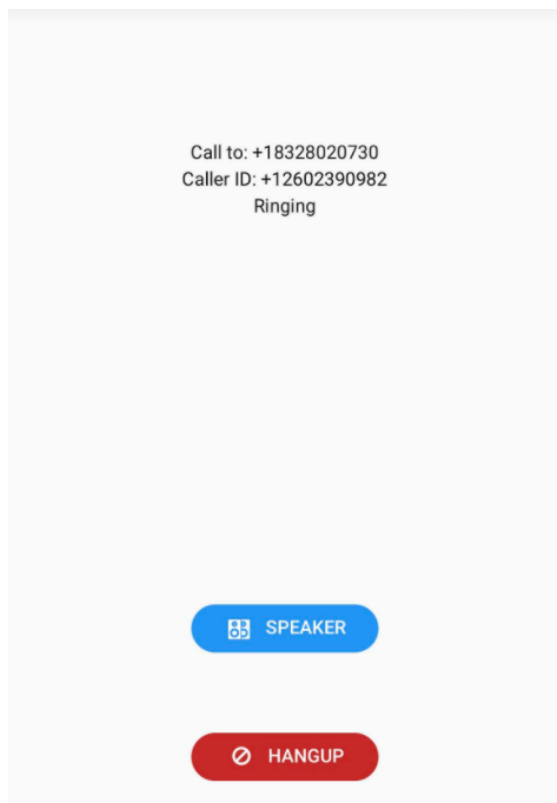

B. MOBILE

1. Open the VoIPstudio application.
2. Enter the Email and Password.
3. In Enter number, enter the number you wanted to call.

4. The entered number is now ringing
