3. On the **Custom Field Values** screen, enter the drop down values on the grid.

The screenshot shows a 'Custom Field Values' dialog box. At the top, there are 'OK' and 'Cancel' buttons. Below them is a 'Field Name' text box containing 'Combo box sample'. Underneath is a toolbar with 'Delete', 'Up', 'Down', and 'Filter' buttons. A table with a 'Value' column contains the following rows:

Value
1
2
3

The third row, containing the value '3', is selected. The status bar at the bottom indicates 'Ready'.

4. Click **OK** toolbar button to save
