

How to Renew Expired Julian Calendar

1. **Prerequisite:** Make sure that the [Julian Calendar](#) that you want to renew has the option '**Automatically renew every year**' checked.
2. On the **Menu panel**, click the **Renew Julian Deliveries** menu. This will open the Renew Julian Deliveries screen.

3. Click the **Renew** button. An alert message, informing the outcome of the process, will be displayed.

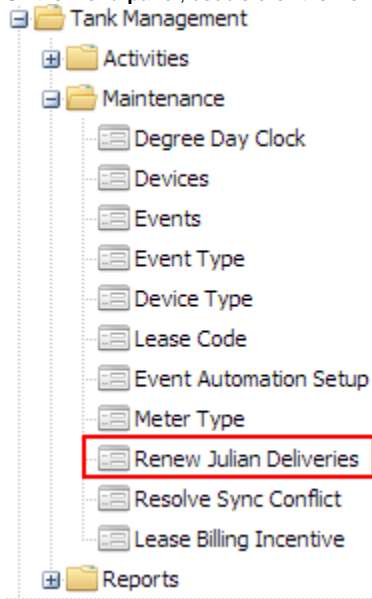

4. Click the **OK** button on the alert message.
5. Date in Next Julian Delivery field should be updated based on the Julian Calendar that's been set.

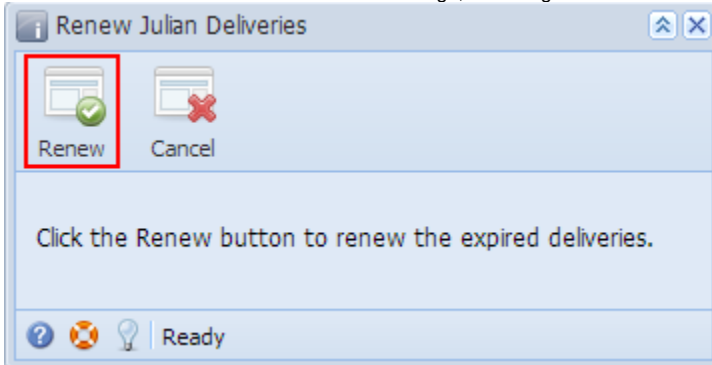

Currently, Julian Deliveries are automatically renewed after the invoices has been synced to customer's site. Renew Julian Deliveries is no longer used to renew delivery dates.

1. **Prerequisite:** Make sure that the [Julian Calendar](#) that you want to renew has the option '**Automatically renew every year**' checked.

2. On the **Menu panel**, double click the **Renew Julian Deliveries** menu. This will open the Renew Julian Deliveries screen.

3. Click the **Renew toolbar button**. An alert message, informing the outcome of the process, will be displayed.

4. Click the **OK button** on the alert message.
5. Date in Next Julian Delivery field should be updated based on the Julian Calendar that's been set.

Currently, Julian Deliveries are automatically renewed after the invoices has been synced to customer's site. Renew Julian Deliveries is no longer used to renew delivery dates.
