

# How do I create a new machine and manage it?

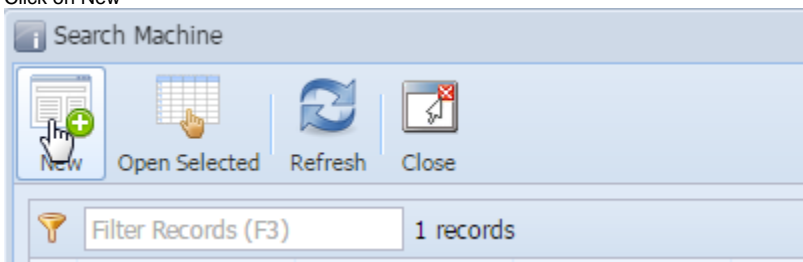

1. Double click on Machines under Manufacturing

2. After double click, machine manager screen will load.

3. Click on New

4. New machine screen will load

The screenshot shows the 'Machines' application window. The title bar is 'Machines'. The toolbar contains icons for New, Save, Search, Delete, Undo, and Close. The 'Details' tab is selected. The form fields are empty:

- Machine Name:
- Description:
- Location:
- Parent Machine:
- Cycle Counted: ☐
- Min Batch Size:
- Batch Size:
- Batch Size UOM:

The status bar at the bottom shows 'Ready' and 'Page 1 of 1'.

5. In details tab, enter all details

The screenshot shows the 'Machines' application window with the 'Details' tab selected. The form fields are filled with the following data:

- Machine Name: NEW MACHINE
- Description: NEW MACHINE DESCRIPTION
- Location: WIP Sub Location
- Parent Machine: BagOff
- Cycle Counted: ☒
- Min Batch Size: 100
- Batch Size: 500
- Batch Size UOM: 20 kg bag

The status bar at the bottom shows 'Edited' and 'Page 1 of 1'.

6. In the measurement tab, enter all required information.

The screenshot shows the 'Machines' application window with the 'Measurements' tab selected. The toolbar includes 'New', 'Save', 'Search', 'Delete', 'Undo', and 'Close'. Below the toolbar are tabs for 'Details', 'Measurements', and 'Packing Types'. A 'Remove' button and a 'Filter' input field are present. A table lists measurement records:

Measurement Name	Reading Point	Selected
Totalizer Reading	Produce	<input checked="" type="checkbox"/>
		<input type="checkbox"/>

The status bar at the bottom indicates 'Edited' and 'Page 1 of 1'.

7. In Packing Types Tab, enter all detail

8. Then, click on Save

The screenshot shows the 'Machines' application window with the 'Packing Types' tab selected. The 'Save' button in the toolbar is highlighted with a mouse cursor. The status bar at the bottom indicates 'Edited'.

9. New Machine will get created

10. Now, click on Search button

The screenshot shows the 'Machines' application window with the 'Packing Types' tab selected. The 'Search' button in the toolbar is highlighted with a mouse cursor. The status bar at the bottom indicates 'Edited'.

11. Machine manager will open with the newly created machine displaying in it.

The screenshot shows the 'Search Machine' window. The toolbar includes 'New', 'Open Selected', 'Refresh', and 'Close'. A 'Filter Records (F3)' input field is present. A table lists search results:

Name	Description	Parent Machine	Location Name	Sub Location Name	Min Batch Size	Batch Size	Batch Size UOM
BagOff	BagOff		Pinnacle Premix	WIP Sub Location			
<input checked="" type="checkbox"/> NEW MACHINE	NEW MACHINE D...	BagOff	Pinnacle Premix	WIP Sub Location	100	500	20 kg bag
