

# PM Staging

## Overview:

Operator uses this option to move the packaging materials to staging location.

## PM Staging using handheld device

1. Scan the ticket

A screen titled "Scan Ticket" in blue italicized font. Below the title is a large white rectangular input field. At the bottom are two blue buttons: "MENU" on the left and "ENTER" on the right.

User will scan or enter the ticket number here.

2. Confirm the staging transaction

A screen titled "Production Staging - Ticket Confirm" in blue italicized font. It contains several fields: "Ticket:" with value "71184154", "ItemID:" with value "04050000797800", "Description:" with value "BOX DZ CITRUS", "Quantity:" with value "750", and "UOM:" with value "EA". At the bottom are two blue buttons: "CANCEL" on the left and "ENTER" on the right.

Operator clicks on 'Enter' button to confirm the staging quantity.

3. Scan the destination location

A screen titled "Scan Destination Location" in blue italicized font. Below the title is a large white rectangular input field. At the bottom are two blue buttons: "BACK" on the left and "ENTER" on the right.

Operator scans/enter the staging location and clicks on enter to confirm the transaction.
