

Remove Sequence from Contract

Here are the steps on how to remove sequence:

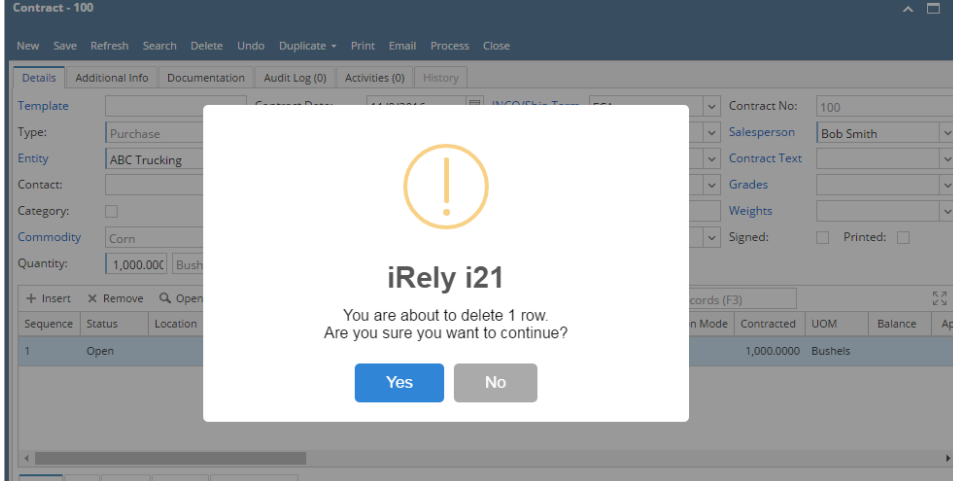

1. Select the sequence you want to delete, click on Remove button.

The screenshot shows the 'Contract - 100' window with various fields for contract details. The 'Remove' button in the toolbar is highlighted with a red box. The toolbar also includes buttons for Insert, Open, Copy, Slice, Load Schedule, Quality Capture, Transfer, and View. The main data table shows one record with the following details:

Sequence	Status	Location	Contract Itm	Start Date	End Date	Pickup/Deliver	Transportation Mode	Contracted	UOM	Balance	Ap
1	Open		CORN	11/8/2016	11/8/2016			1,000.0000	Bushels		

2. A warning message will prompt telling that you are about to delete the selected record. Click Yes to continue.

The screenshot shows the same 'Contract - 100' window, but a warning dialog box is overlaid in the center. The dialog box has a yellow warning icon and the text:

iRely i21
You are about to delete 1 row.
Are you sure you want to continue?

There are two buttons at the bottom of the dialog: 'Yes' (blue) and 'No' (grey).

3. Selected sequence will be deleted.
