

# Lot History

## Overview:

This option will be useful to view all the historic transactions and undo few types of those transactions that occurred on the lot.

History transactions of a lot can be viewed with filter as mentioned below

Today

Date Range

No Filter (which is of all)

The screen has an option "Undo" to reverse the transaction that occurred on the lot except "Receive" and "Production" transactions

"History" window can be opened by clicking on the menu option or the context menu "History" in "Plant Floor / Inventory View". The screen shot is shown as below
