

How do I create a Machines

1. Go to Manufacturing --> Manufacturing Cells/Machine/Pack Type
2. Click Tab Machine
3. Click on New

The screenshot shows the SAP Manufacturing Cell / Machine / Pack Type interface. At the top, there is a menu bar with 'New', 'Open', 'Refresh', and 'Report'. Below the menu bar, there are tabs for 'Manufacturing Cell', 'Machine', and 'Pack Type'. A search bar contains 'Filter (F3)' and shows '8 record(s)'. A table with columns 'Name', 'Description', 'Parent Machine', 'Location Name', and 'Sub Location Name' is visible. The first row shows 'Sugar Packing', 'Sugar Packing', 'CDS - Cadeco Sugar', and 'CDS WIP'. Below the table, a 'Machine -' window is open, showing a 'Details' tab with fields for 'Machine Name', 'Description', 'WIP Sub Location', 'Parent Machine', 'Cycle Counted', 'Min Batch Size', 'Batch Size', 'Batch Size UOM', and 'Issued UOM Type'.

4. Enter the Machine Name in Detail tab.
5. Enter the Description in Detail Tab.
6. Select the WIP Sub Location
7. Select the Issued UOM Type.
8. Click on Save.
9. Click on Packing Types Tab.
10. Select the same Pack Type which was selected in the Manufacturing Cell
11. Enter the Machine Capacity
12. Select the Machine Capacity UOM
13. Select the Capacity Rate UOM
14. Click on Save.
