

MBS

- Generate Master Blend Sheet
 1. The user will select a blend sheet and click on "MBS" button in Kit Manager to generate the master blend sheet
 2. Master Blend Sheet will print the consolidated required raw materials quantity of all non-kitted blend sheets for the selected blend demand
 3. This master blend sheet will be used by the warehouse operator to stage the raw material for kitting
- Sample Master Blend Sheet
- Following image displays a sample Master Blend Sheet format
