[RIGHT CLICK CONTEXT MENU](#) for line item.

This tab also has the following information:

- Case(s): Displays the total quantity of material for the order
- Weight: Displays the total weight of all SKUs
- Pallet Est: Displays the Quantity/ Units per Pallet value

The manifest on the right side of the screen displays association of [SKUs/Containers](#) to order line items once the order state changes to STAGED. Put-away tasks are then created based on the manifest created. The grid has multi-selection ability and the right-click menu changes as per users' selection. If multiple rows are selected, then some menu options are disabled.

## RIGHT CLICK CONTEXT MENU
