## This screen has the following menus:

	Menu	Usage			
	Save	To create a Sanitization Order			
	Refresh	To Reload the data			
	Pick Order	To Load the Outbound Order for Staging			
	Close	To Close the manager screen			

Sanitization Staging screen has two set of grids. The upper grid displays the details of Lots and the Lower grid displays details of the Sanitized order. The Lot detail grid displays the below columns:

Field Description Lot ID Displays the Lot ID Lot Alias Displays the Lot Alias for the Lot Create Date Displays the Create Date Created By Displays the Created By user name Item Displays the Item name Displays the Description of the material Description Displays the Item Category Category Qty Displays the Queued Quantity Reserved Qty Displays the Reserved Quantity Available Qty Displays the Available Quantity UOM Displays the UOM Lot Status Displays the Lot Status Storage Location Displays the Storage Location name

Sub Location	Displays the Location name
Factory	Displays the Factory name
Garden	Displays the Garden name
Weight/Unit	Displays the Weight per Unit of the lot
No of Packages	Displays the Unit Count
Packaging UOM	Displays the Unit count UOM
In-Process Qty	Displays the In-Process Quantity
Balance	Displays the Balance Quantity in number of Unit
Sanitize Now	User to enter the Sanitize Now Quantity in Unit
Unit Count UOM	Displays the Unit Count UOM

User can create a order by entering the number of units in 'Sanitize Now' columns and then click on Save. User can select multiple lots and generate one Sanitize order.

The Order details will display once user selects the Lot. The order details has the following columns

Field	Description
Sanitization Order Number	Displays the Sanitization Order Number once user selects the Lot.
Create Date	Displays the Create Date
Created By	Displays the Created By user name
Expected Date	Displays the Expected Date
Status	Displays the Current Status
Quantity	Displays the Sanitizatio Quantity
UOM	Displays the UOM
No of Packages	Displays the Unit Count
Packaging UOM	Displays the Unit count UOM
Pick No	Displays the Pick Number
Pick Status	Displays the Pick Status

Sanitization Pick Order:

Select the Sanitization Work order from Order detail grid then click on Pick Order.

Application will load the Warehouse-> Outbound order.

From here, you can stage the Quantity.
