8. Select the On Failure properties from the drop down.

The screenshot shows a software interface titled "On Failure". At the top, there is a header bar with a close button (X), a "Remove" button, a "Layout" button with a grid icon, and a search bar labeled "Filter Records (F3)". Below the header is a table with a single row. The first column of the table has a checked checkbox. The second column contains the text "Brew Test" and a small downward arrow icon, indicating a dropdown menu. A mouse cursor is visible near the bottom center of the window.

<input checked="" type="checkbox"/>	Property Name
<input checked="" type="checkbox"/>	Brew Test

9. Click on Save.
