

Segment Filter Group

The Segment Filter Group screen allows you to add and configure one or more segment filters. This screen can be accessed from:

- Column Designer screen
- Report Settings screen
- Financial Report Group screen

The following links will guide you on how to add and assign Segment Filter group to a column and financial report.

- Column Designer screen
 - [How to Add Segment Filter from Column Designer](#)
 - [How to Assign Segment Filter to a column](#)
- Report Settings screen
 - [How to Use Segment Filter field in the Report Settings screen](#)
