# How to Add an Entity Location on any Entity Type

Once an entity is saved, an entity location will be created as well and will become the default location.

Here is how to Add Another Location on Location tab:

- 1. Open the entity record.
- 2. Click the Location tab then click the Insert button
- 3. Enter the necessary details on the screen. Note that fields with asterisk are required

Entity Location - ABC	Loc				×
New Save Delete	Undo Add as Vendor Close
