- a. Enter UnitPrice.
- **b.** Enter the **Discount Reading** if it is applicable.
- 6. Click the Distribute toolbar button. This message will be shown.

Distribute this ticket now?

- a. If the Ticket Completion Options checkbox from Ticket Pool is set to 'Manual', Manually Distribute Tickets screen should be displayed.
 i. Note that the Units to be Distributed is reserved/allotted to Unit Entry field in Storage and Spot panels based on the percentage setup in Vendor Split.
- b. If the Ticket Completion Options checkbox from Ticket Pool is set to 'Auto', it will automatically distribute the Scale Ticket.

7. Click the Yes button. This message will be shown.

It will automatically create two Inventory Receipts transaction for the 2 Split Entities.

1st Inventory Receipt is for Open Storage where On Storage stock will be increased based on the Entity Split percentage.

2nd Inventory Receipt is for Spot Sale where On Hand stock will be increased based on the Entity Split percentage.

It will create Voucher transaction for Spot distribution Type and Storage record for Storage distribution type.

- a. You must have to setup Vendor Split from Purchasing menu > Vendors.
- **b.** Open an existing Vendor, go to **Split** tab.
- c. Click the Insert toolbar button.
