

How to create State

Here's the step on creating State:

1. Go to **Transports > Transport Load** and click **New** button
2. Click **Diversion** tab and check Diversion checkbox
3. Click **Original Destination State hyperlink**
4. On the Grid area, enter **State Name** and **State Abbreviation**
5. Click **Save** button

State Name *	State Abbreviation *
<input type="checkbox"/> Illinois	IL
<input type="checkbox"/> Nebraska	NE
<input type="checkbox"/> Indiana	IN
<input type="checkbox"/>
