

How Column Resizing Works

Resizing allows you to change column sizes according to user preference.

1. From **User** drop down menu, select **Profile** to open **User Profile** screen.

2. Navigate to **Preferences Tab > Dashboard** and enable the '**Enable Column Resizing**' option, then click the **Save** toolbar button.

3. Click the column header you want to resize. Drag then drop it to its new size.

Original Column Layout:
