How To Recap Payments

Here's how to show the Recap of the created payable:

- 1. After creating payable (see How To Create Payments), click Recap button.
- 2. A preview of what will be entered in **GL Account Detail** after posting the payable will be displayed on the Recap screen. It will include the payables and cash account used in the transaction and the account for discount on terms if there's any. In case that interest for delay on payment incurred, account used for this will also be included.
