

How To Create Payments for Vendors With Withholding Setup

Here are the steps on how to create payments:

1. From the **Main Menu**, expand **Purchasing (A/P)**. Click **Pay Voucher Details** to open **Search Pay Voucher Details** screen.
2. Click **New** toolbar button to open blank Pay Voucher Details screen.
3. Fill in fields.
 - a. Click on **Vendor No.** combo box button and select vendor with withholding setup. (*Withholding checkbox is checked in Vendor screen > Vendor Detail tab*).
 - b. Select **Vendor Pay To**.
 - c. **Date Paid** will default to today's date. Change date if necessary by selecting from the mini calendar dropdown or by entering the date manually.
 - d. All posted but unpaid transactions for the selected vendor based on the selected Vendor Pay To will be displayed on the grid.
 - e. **Payment Method** set for the selected vendor as well as the **Vendor Credit** will automatically be displayed.
 - i. In any case that payment method is set to **Check**, the **Print** toolbar button will be enabled to allow printing of checks.
 - ii. If not, then Print button will be disabled.
 - f. On **Bank Account** field, click combo box and select a bank account from the list where payments will be deducted. **Currency** and **Bank Balance** set for the selected Bank Account will be displayed.
4. Select detail from the grid. **Payment** will be computed.
 - a. if there's no discount nor an interest, Payment will be the same as Amount Due.
 - b. if there's a discount, Payment is Amount Due less Discount.
 - c. if there's an interest, Payment is Amount Due plus Interest.
5. If you wish to create **partial payments**, change the payment amount lower than the amount due.
6. **Withheld** amount will be computed based on the percent entered on the **Company Location > Purchase tab** of the location used in the transaction .
7. **Amount Paid** field will now be filled in with the computed amount, **Payment** minus the computed **Withholding** amount.
8. Unapplied Amount will display **0.00**.
9. Save record by clicking **Save** toolbar button. A system-generated ID will be displayed in the **Record No** field.

Here are the steps on how to create payments:

1. From the **Main Menu**, expand **Purchasing (Accounts Payable)** and click **Pay Voucher Details** to open **Search Pay Voucher Details** screen.
2. Click **New** toolbar button to open blank Pay Voucher Details screen.
3. Fill in fields.
 - a. Click on **Vendor No.** combo box button and select vendor with withholding setup.
 - b. **Date Paid** will default to today's date. Change date if necessary by selecting from the mini calendar dropdown or by entering the date manually.
 - c. All posted bill transaction for the selected vendor will be displayed on the grid. **Payment Method** set for the selected vendor as well as the **Vendor Credit** will automatically be displayed.
 - i. In any case that payment method is set to **Check**, the **Print** toolbar button will be enabled to allow printing of checks.
 - ii. If not, then Print button will be disabled.
 - d. On **Bank Account** field, click combo box and select a bank account from the list where payments will be deducted. **Currency** and **Bank Balance** set for the selected Bank Account will be displayed.
4. Select detail from the grid. **Payment** will be computed.
 - a. if there's no discount nor an interest, Payment will be the same as Amount Due.
 - b. if there's a discount, Payment is Amount Due less Discount.
 - c. if there's an interest, Payment is Amount Due plus Interest.
5. If you wish to create **partial payments**, change the payment amount lower than the amount due.
6. The entered payment amount will also appear in the **Unapplied Amount** field.
7. Enter the same amount in the **Amount Paid** field but as you hit Tab or Enter, it will deduct the computed amount of the **Withholding** based on the percent entered on the **Company Location** used for the vendor and on **Purchase tab**. Amount will be displayed in the **Withheld** field.
8. Unapplied Amount will change back to **0.00**.
9. Save record by clicking **Save** toolbar button. A system-generated ID will be displayed in the **Record No** field.
