How to Delete an Entity Split
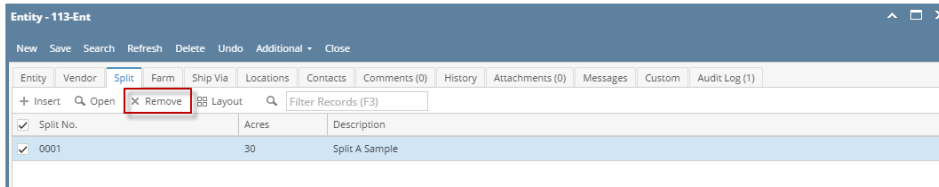

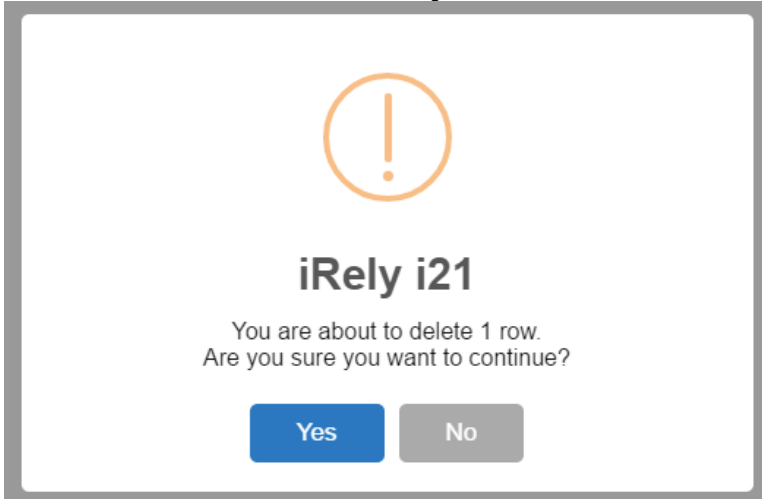

From Entity | Split tab | Remove button:

1. Open an existing entity record from any entities.
2. Navigate to **Split tab**.
3. In the grid area, select the split you wish to delete, and then click the **Remove button**.

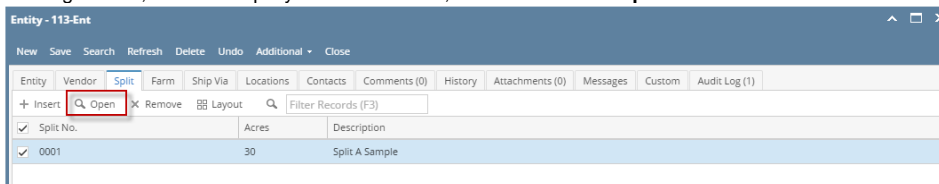

4. Click the **Yes button** on the confirmation message.

From Entity Split | Delete button:

1. Open an existing entity record from any entities.
