

Logo Size and Configuration

There are some things to consider when trying to get your company logo to fit properly in reports.

1. Your logo needs to be a high-resolution square with a maximum size of **115 x 115 pixels**.
2. Customers may need to modify their logo for it to fit perfectly.
 - a. For example, iRely has 12 different formats/layouts for our logos. Below is an example of 2 logos where one is saved as a square but we have others that fit in circle formats. Using these various sized logos we can fit our logo in any application.
