3. Go to the Customer tab > Transports tab > Freight tab.

a. Select a Customer Location, Supplier Zip code, Tarriff type, Category and enter the freight Miles. Freight type should be **Miles**

Make sure that the Freight Miles you entered is on between the 'From Miles' and 'Through Miles' of the Ship Via

b. Select the Ship via you created on the Fixed Ship Via then Click Save.

4. In the Purchasing module > Vendors Look for the Supplier Zip code that you entered on the Customer setup

Location should also be the same as the supplier zip code. Sample below:

Entity - Marathon Oil Corporation
