Equipment Usage Analysis screen is used to evaluate usage levels and profitability of leased equipment.

1. From Tank Management, click the **Lease menu**. This will open the Leases Search screen.

2. Click the **Equipment Usage Analysis toolbar button**. This will display the Equipment Usage Analysis screen.

A screenshot of the "Equipment Usage Analysis" screen. The window has a title bar "Equipment Usage Analysis" with standard window controls. Below the title bar is a toolbar with buttons: "New", "Open", "Billing Incentive", "Lease Billing", "Equipment Usage Analysis" (highlighted with a red rectangle), "Refresh", "Export", and "Close". Below the toolbar is a "Details" tab. Under the "Details" tab, there is a "Sales Date Range" section with "From" and "To" date pickers. Below that is a "Leased Equipment Usage Analysis" section with a "Layout" button and a "Filter Records (F3)" search bar. Below the search bar is a table with the following columns: "Customer No.", "Site No.", "Item Number", "Item Description", "Lease Number", "Lease Amount", "Sales Quantity", and "Profit Margin". The table is currently empty. At the bottom of the window is a status bar with icons for help, search, and a "Ready" status.

3. Enter the **Sales Date Range** and click the **Generate toolbar button**. This will display the customer's lease and the summary of sales activity based on the entered date range.
