

How to edit or delete an existing record in Generate Loads?

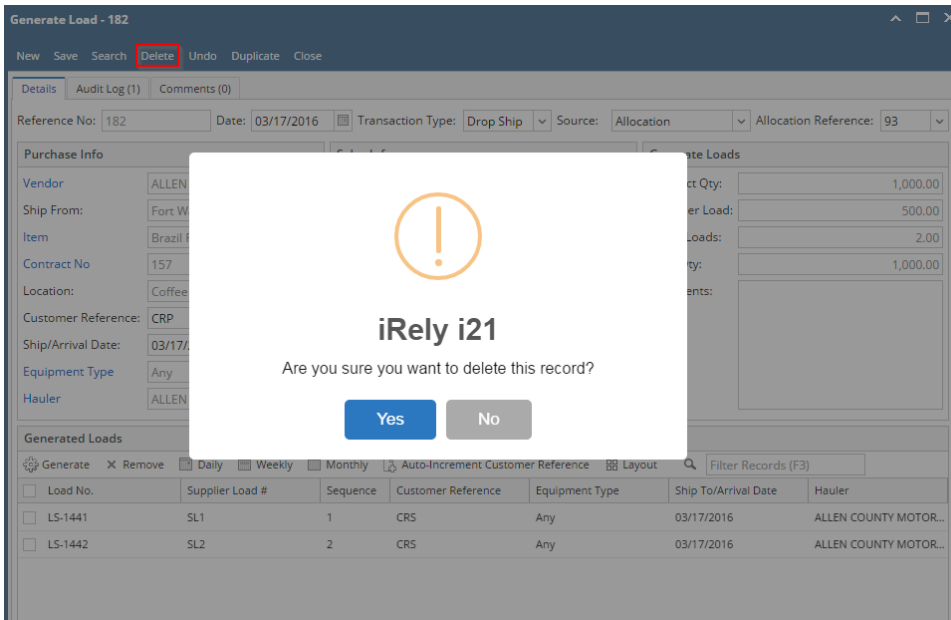

Here are the steps on how to create a **Generate Loads**:

1. Open an existing record in Generate Loads. Click on Generate Ref link in Load/Shipment Schedule Search Screen.

Load / Shipment Schedules										
New Open Generate Dispatch Refresh Report										
Load / Shipment Schedules Details Vessel Containers Warehouse Containers Load / Shipment Calendar Inventory View Delivered Not Invoiced DL-OpenLoadNotImportedInTransport										
View 209 2 record(s)										
Load No.	Supplier Ref	Transaction Type	Source Type	Transportation M	Position	Weight Unit	Shipment Status	Equipment	Generate Ref.	Generate Seq.
LS-1900	SL0227-b	Drop Ship	Contracts	Truck			Dispatched	Any	209	2
LS-1899	SL0227-a	Drop Ship	Contracts	Truck			Scheduled	Any	209	1

2. User cannot edit any of the information provided in the header portion , Purchase Info section, Sales Info section and Generate Loads section.
3. user can delete the whole Generated Load reference by click on delete button.(only if none of the loads generated are used in scale ticket or Transport module.) This will delete the corresponding Load/Shipment Schedule references as well.
