

How Advanced Filter works

The **Filter Editor** and **Show Find Panel** options gives the user another way to filter records from a dashboard panel.

- **Filter Editor**

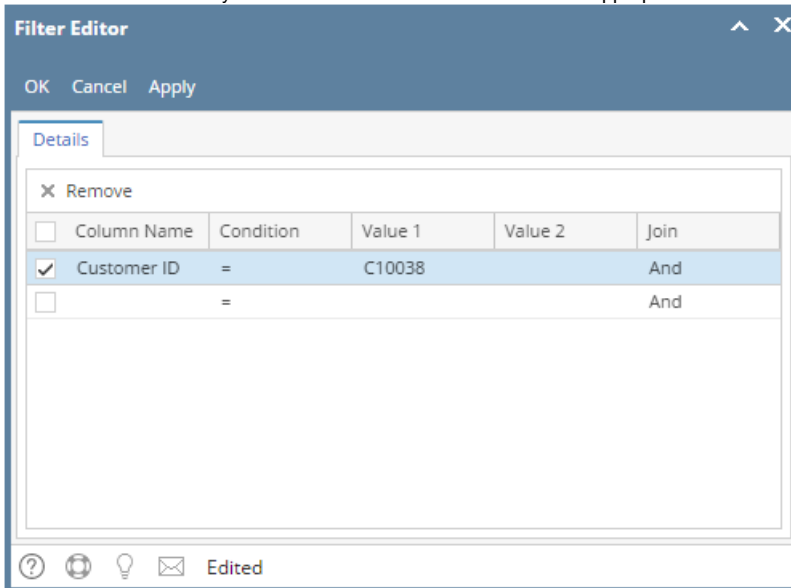

1. On the Dashboard panel, click the **Column Header Menu > Filter Editor** button. This will open the Filter Editor screen.

The screenshot shows a table titled 'Customer Invoices Grid' with columns: Date, Customer ID, Company Name, Order Number, Order Total, Amount Due, and Paid Status. A menu is open over the table with options: Sort Ascending, Sort Descending, Columns, Group by this field, Clear Group By, Show Find Panel, and Filter Editor. The 'Filter Editor' option is highlighted with a red box.

2. Select fields from where you want to filter records from. Select the appropriate **Condition** and enter the **Value**.

The screenshot shows the 'Filter Editor' dialog box. It has tabs for 'Details' and 'Columns'. The 'Details' tab is active, showing a table with columns: Column Name, Condition, Value 1, Value 2, and Join. A filter rule is added for 'Customer ID' with the condition '=' and the value 'C10038'. The 'Join' column shows 'And'. There are 'OK', 'Cancel', and 'Apply' buttons at the top. At the bottom, there are icons for help, refresh, lightbulb, and email, along with the word 'Edited'.

Column Name	Condition	Value 1	Value 2	Join
<input checked="" type="checkbox"/> Customer ID	=	C10038		And
<input type="checkbox"/>	=			And

3. Click the **Apply** button to make the filtering criteria take effect without closing the Filter Editor screen. The **Cancel** button will disregard the filtering while the **OK** button will cascade the filtering on the panel display and close the Filter Editor screen.

The screenshot shows the 'Customer Invoices Grid' after applying the filter. The table now only displays records for Customer ID 'C10038'.

- If you would like to add other filter, just click the drop down on the next empty line.

The Filter Editor dialog box has a title bar with 'Filter Editor' and window controls. Below the title bar are 'OK', 'Cancel', and 'Apply' buttons. The 'Details' tab is selected. Inside the dialog, there is a 'Remove' button and a table with columns: 'Column Name', 'Condition', 'Value 1', 'Value 2', and 'Join'. The first row shows 'Customer ID' with an equals sign condition and 'C10038' as the value, with 'And' as the join. A second row is highlighted in blue, with a checkmark in the 'Column Name' column and a dropdown arrow in the 'Condition' column. The bottom of the dialog has a status bar with icons for help, refresh, lightbulb, and email, followed by the text 'Edited'.

Column fields with filtered criteria has an indicator like shown below.
